

FUTURA GRAVITY LARGE

It can withstand intensive use and ensures the highest performance whilst minimising waste. RELIABILITY AND EFFICIENCY FOR INTENSIVE USE

SPECIFICATIONS

Dimensions	: L 620 x D 780 x H 665 mm
Blade diameter	: 360mm
Cut thickness	: 0 - 17mm
Net weight	: 40 kg
Motor power	: 0,40 kW
Electrical connection	: 230V/ 1ph/ 50Hz
	: 400V/ 3ph/ 50Hz

CODE: BER-FUTGEL

GENERAL FEATURES

- Built-in sharpener
- Slice thickness adjustment system
- Painted aluminium and stainless steel
- 360 mm blade

KEY FEATURES

- Professional gravity electric slicer
- Design with rounded edges, soft and ergonomic shape
- Belt transmission
- 38° meat table inclination
- High cutting capacity
- Knob with 0/14 mm progressive millimetre adjustment
- Stainless steel feet with non-slip rubber
- IP67 stainless steel, high mechanical resistance, IK10 certified switches
- Removable stainless steel slice deflector
- Removable sharpener with mechanised lever movement
- Ample space between the blade and motor for easy cleaning
