

PAN ROLL IN BLAST FREEZER: 20 SHELVES

INFABT201C

PRODUCT FEATURES

AISI

AISI 304 Stainless Steel Structure
Compatible with any oven.

Control

The new easy-to-use controller has greater precision in temperature control. Easier to adjust the temperature range that we want to achieve.

Gas leak check

All refrigerating circuits are 100% checked in a Helium chamber to detect gas leaks.

Structure

Embedded storm door with easily replaceable triple chamber weather stripping.

Door structure with heating to avoid the accumulation of ice.

USB connection, to upload and download configuration of parameters, programs and download information related to HACCP alarms.

Refrigeration

Rapid chilling: +90°C to +3°C in less than 90 minutes.

Quick freezing: +90°C to -18°C in less than 270 minutes.
